EDUCATION

DigitalCraft

Full-Stacked Web Development

June 2024

Clayton State University

Bachelor of Business Administration

May 2020

TECHNICAL SKILLS

HTML | CSS | JavaScript | Git | Express.js | PostgreSQL | GitHub | React.js | AWS | Bootstrap | Jira

SOFTWARE DEVELOPMENT PROJECT

Food Delight Seafood Restaurant

[GitHub Project](#)

April 2024

- Created and managed databases centered on food options using PostgreSQL, skillfully designing tables with varied columns to optimize data retrieval efficiency through fetch calls.
- Utilizing JavaScript I seamlessly integrated DOM manipulation techniques to retrieve and display relevant fields on the webpage dynamically.

SuperCaster

[GitHub Project](#)

March 2024

- Utilized CSS proficiency to design the webpage, presenting characters within individualized cards containing fetched information.
- Implemented Bootstrap components to create a streamlined navbar for the Home page, facilitating effortless access to linked pages like characters, and Actor/Actress pages through intuitive button navigation.

WORK EXPERIENCE

DigitalCraft

Software Engineer Apprentice | Full-time

February 2024 - Present

- Proficient in Git and GitHub for streamlined code management and fostering team collaboration.
- Demonstrated proficiency in HTML, CSS, and Javascript for Web development, ensuring precise styling, interactivity, and dynamic functionalities.
- Developed dynamic and responsive web applications using modern frontend frameworks like React.js, enhancing user experience and interactivity.
- Leveraged Express.js to build robust back-end APIs, facilitating seamless communication between client and server.
- Skilled in project management tools like Jira, adept at implementing Agile methodologies for efficient sprint planning and task allocation.
- Experienced in AWS deployment, proficiently utilizing EC2 instances and S3 buckets.

Amazon

Area Manager

January 2019 - April 2023

- Collaborated assertively with cross-functional teams, including Safety, Engineering, Loss Prevention, Quality Assurance, and Human Resources to formulate and implement strategic plans that align with business goals.
- Orchestrated timely deliveries and maintained high product quality standards to guarantee customer satisfaction with a success rate of 95%.
- Resolved customer concerns quickly, focusing on product quality and packaging issues.
